Spring Schedule

April 14th– Something fishy is going on here! Create a unique, interesting, and visually appealing, 3-d sculpture of a fish or underwater creature from recycled materials with Dee Henry.

April 18th-Butterflies with Barb. Learn about symmetry and create a crayon resist butterfly using black crayon and watercolor.

April 21st– Where the Sidewalk Ends. During this class we'll explore our imaginations and have fun with wet chalk drawings. We take sidewalk chalk to a whole new level with Barb Peshkin.

April 28th- Spring to Life with Merissa Vevasis. Ignite your creativity with a surprisingly simple painting process called Mono Printing. Enjoy an evening creating a spring design filled with birds, butterflies, bees and more...
